Step 1: Contact us

Contact us with your preferred date and party package, including role-play areas and any extras.

Step 2: Choose your venue

You are free to choose your own venue. Please make sure there is easy access for unloading and that the venue is an adequate size for your party. We need 75 minutes to set up and 75 minutes to pack away, so please factor this into your venue hire time. A typical party lasts around 2 hours: 90 minutes play plus 30 minutes for food and/or cake.

Step 3: Confirmation

Secure your party with a 50% deposit. The remaining balance is due 14 days before the party.

Step 4: Party day

We do the rest, so you can sit back and enjoy.

A Few Handy Notes

- Parties are shoe-free zones, so socks must be worn.
- No food or drink in play areas.
- We recommend playing first, then eating.
